

EVENING STREET REVIEW

Issue: Number 36 Winter 2022

Vacations by Paul Rabinowitz

Careening into my 60th year on the planet

I've come to realize

L O V E

is the most difficult of all pursuits

to write about

so instead of thinking about it

I'll take vacations with that special person

walk barefoot on the beach

always with pen and paper close by

in case she turns to me

lays a hand on my cheek and says

let's go home
